Beloved Children:

I offer you herewith the remarks addressed by My Beloved Son, El Morya, to the unascended portion of the Assembly on the evening of the recent Transmission Flame Ceremonies. There is so much that the Ascended Ones would say to you, beloved ones, and such a short time, measuring by your standards, in which to say it. Perhaps you are not aware that I have a long list of names of My illustrious Sons and Daughters eager to address the people of Earth, and it is considered a great privilege when one is chosen as Speaker. The Heavenly Host are those who have trod the same Path as that upon which your blessed feet walk at present, and They are all so eager for you to attain the Freedom which They enjoy. May I implore you once again to try and realize that We are REAL BEINGS, and that Our instruction is taken from the book of Our own experience.

Blessings and Love,

MAHA CHOHAN

ADDRESS BY THE BELOVED EL MORYA

Beloved Friends:

I have asked for opportunity to speak with you this night because We come close again to

the Conference wherein lifestreams are drawing together under the auspices of the Ascended Host for the purpose of renewing their spiritual strength, their understanding of the Law, and, by reason of their pilgrimage, hoping to take home with them some practical application and some vibration of unadulterated Truth from the radiation drawn here.

The entire purpose of this Endeavor is the receptivity by the chelas of the current requirements for the freedom of their lifestreams from the Ascended Master Realm, and then the utilization of those energies by the students in making of the instruction received something of practical benefit for the planet and the evolutions evolving in the Earth, on the Earth, and around the planet as a whole.

I know many of you serve long and tirelessly, but, beloved ones, there is justice - great justice in the Cosmic Law, and you will find in the long run that every ounce of energy that you give; every ounce of energy that you invest is returned to you - amplified a thousand-fold, in that which you require most to gain your individual and personal victory.

Beloved ones, it is not in the 'sweet bye and bye', in the great Kingdom beyond the veil that Victory and Mastery are required. It is HERE and NOW where men, women, and children suffer and know not the way out of their agonies and their pain. It is required of some unascended beings to find that scientifically - not by happenstance - and if one such could be found and one earnest chela illuminated, think ye what it would do for the rest of mankind!

Beloved ones, We in the ascended state are so earnest and sincere in Our desire to have you individual Masters, as well as rendering the cosmic service which you do in your mighty calls and decrees. What We need to do now is to get the balance between the two. Let us get to the place now of the stillness of the outer self; the realization of the Presence of God within your heart; then the efficacy and power of your decrees will be much more manifest. It is the Power that is anchored within and the acceptance by the outer self of that Power as the ONLY POWER that can act that gives efficacy to your fiats. That is why the Beloved Jesus voiced His decree just once and instant manifestation took place. He was so attuned to the Father, and so one with Him, that the moment He thought, spoke, or raised His hand to give assistance, IT WAS DONE!

We are dedicating this summer conference primarily to the development of self-realization of the active Presence of God within the chela; to the magnetizing of the Powers of the Sacred Fire from the Ascended Master Realm; and to the expansion of the Sacred Fire through the chelas first into the conglomerate group present, then into the atmosphere surrounding the group. From there it will be drawn into the Forcefield over the meeting-place; thence it will reach out to all study groups and Sanctuaries wherever they may be throughout the world. These outlying forcefields will add their beauty, strength and energy to the expanding radiation until finally it will envelop the entire planet and all its evolutions with the Peace and Harmony of its Presence.

Beloved friends, as you know, this will be

our fourth Conference. Since the inception of these conferences, many achievements of great merit have been realized. Some of these are pictured in the finished frieze decorations around the base of the great Altar in the Royal Teton, such as the dissolving of the Compound; the awakening of the sleepers; and the removal of the discarnates from the Earth's surface. These manifestations which had exerted tremendous pressure on the mass of the people are no more - thank God.

Now - this year We are going to try to bring Nirvana down into the emotions, minds, etheric bodies and flesh of the people. Let us see collectively what we can do! Let us see what we can do - one for another! You, beloved students, are the heart of this entire movement! You are the representation in the physical appearance world of your Master, Saint Germain, the great Prince known throughout all Heaven as the most courtly Gentleman -- the most magnificent embodiment of Courtesy. His Ray is the embodiment of Divine Courtesy. When you look upon Him, you see that magnificent graciousness - and that, beloved friends, is what you are called upon to represent to those who come within your environment or your radius.

In the Ascended Master Realm, everything belongs to everyone else. When an individual reaches the Ascended Master state, there is a voluntary surrender of all the mental, emotional and etheric riches one has accumulated throughout the long ages. Your very consciousness is turned over willingly to the cosmic fund and that is why We are required to apply for permission to use even an ounce of Our Ascended Master energy for Our own individual gratifica-

tion. Love - unselfish brotherly Love - is not only the rule, but the delight of all those who dwell within the Kingdom. That is the Nature of God, beloved ones, and is what We are trying to develop in those of the Earth who claim to love Us and who desire to follow Our footsteps.

You know - We talk about you a great deal up here. We knowmore about you than you know about yourselves, which is, perhaps, just as well because you are all very self-conscious and all so desirous of doing your best that corrections bring you to a point of self-condemnation and discouragement instead of raising you up. We would like you to realize, beloved friends, that the circumstances of life, or the Masters who love you, will never place an obstruction or hurdle on your path that you are not capable of scaling with flying colors.

Now, beloved friends, do not 'let us down' before the Karmic Board. Let us stand before Them and point with pride to the student body which has sworn 'to serve Us ever' as you say in your songs and decrees. We know that you are worthy of the trust and faith We, the Ascended Master Brotherhood, have placed in you.

God bless you all ways.

ADDRESS BY THE LORD MAHA CHOHAN
WHITSUNDAY - May 20, 1956
(continued)

Beloved Ones:

In every expression of the Law you will find the 'leftists' and the 'rightists' as well as those who follow the middle way. When We present the idea of being 'your brother's keeper' through an activity of love and understanding, some follow on the side of sympathy; some on the side of restraining them from the appetites of their lower natures; but the wise, standing in the center of their own heart's Flame, draw out the virtues of their fellowmen while they, themselves, remain untouched by censure, praise or blame that is liable to disturb the feeling worlds of either themselves or those they happen to be treating.

You all know that Paul, the Venetian, is a great musician, and all great musicians strive to draw the best qualities from both their instruments and the music composers. Likewise, all great teachers draw out of their flock the virtues, talents and gifts that often lie dormant in the lifestream, making each one to grow and blossom from within himself. That is the activity of the Spiritual Law, and you will find that in India as well as in other Eastern Countries where true unascended Masters teach the Law, that the chelas who gather in a circle around them suddenly find within themselves a reason for being, an
